'A Destination for your Imagination'

# MOISTURE RESISTANT GYPSUM

The Solution for Moisture & Fire Resistance: Say goodbye to soggy walls and hello to peace of mind with MR Gypsum, the innovative building material engineered to conquer moisture challenges and enhance fire safety. A versatile material that unlocks your design imagination while providing superior resilience, the board comes in standard dimensions of 1200x2400x12.5mm, with variations in thickness available to meet specific requirements.

A Canvas for Creativity:

MR Gypsum's smooth surface serves as a perfect canvas for your artistic vision. Paint, tile, wallpaper – let your creativity flow with this adaptable material. Special additives ensure it stands strong against humidity and water exposure, making it ideal for bathrooms, kitchens, basements, and any damp environment. Minimized maintenance needs and maximized longevity for your investment translate to something extraordinary.

## MOISTURE RESISTANT GYPSUM

### SPECIFICATIONS

|  |                      |
|--|----------------------|
| Thickness, Nominal   | 12.5mm               |
| Width Nominal  | 1200mm               |
| Length, Standard   | 2400 Mm,3000mm       |
| Weight Nominal   | 90 Kg/m <sup>2</sup> |
| Edges  | Te,se                |
| Color  | Green Colour         |
| Fire-resistance Characteristics Astm E84                                       |                      |
| Core Type  | Type C               |
| Combustibility   | Non-combustible Core |
| Surface Burning Characteristics  | Class A              |
